PROVIDING A SAFE AND FUN ENVIRONMENT FOR CHILDREN AT YOUR CORPORATE EVENT IS OUR NUMBER ONE PRIORITY...

...therefore we will work closely with your event coordinators to tailor childcare perfect for your event, business and venue.

Having a dedicated childcare option at your event enhances your image as a socially responsible organisation and helps to remove barriers to participation. Helping to provide equal opportunities for businesses, parents and children alike to attend events helps expand your client base and maximises delegate and employee attendance and length of stay at your event.

Utilising a dedicated space at your event for children's activities is our speciality. We will design a program of activities that perfectly suits the number of children, their ages, and the size of the venue.

KIDZ HEADQUARTERS

Fully Supervised Creche

In a suitably sized function room, pavilion or a secured marquee we can set up a fabulously equipped and professionally presented kids headquarters. Parents can register their children before the event commences and then on the day leave them with our qualified teachers and childcare staff while they enjoy the conference, workshops or festivities.

The children's room set up will include an extensive range of age appropriate arts and crafts, games, dress-ups, an area to play active games and a chill out zone. The children will be free to explore and play with all the activities and materials or join in with teacher directed more structured activities.

The kids will get to know our awesome staff and each other quickly and easily through interactive group games and the warm all-inclusive vibe that our Corporate Kidz staff bring.

AGE GROUPS

Corporate Kidz Australia provides event childcare for all ages, from babies to teenagers. We also provide care for children with disabilities, medical conditions and behavioural challenges.

For groups with under 15 children in total, one room can be used as we bring a vast range of developmentally appropriate equipment and materials to suit all the children.

For large groups, we require more rooms or very large rooms with partitions so that we can provide age appropriate areas and interest areas. It is important with large groups that we have a sleep room for the little ones, art and craft area, active zone and an area to chill for the older kids.

Safety and care is paramount and we adhere to a strict staff ratio policy to ensure all children are properly supervised at all times.

STANDARD PACKAGE

Within our standard package, our range of entertainment and activities will include activities such as:

- Arts & crafts
- Dramatic play
- Board games
- Construction & manipulative equipment
- Puzzles, books & puppets
- Dance and music
- Indoor sports & group games

ADDITIONAL OPTIONS

We also have additional options available through affiliate entertainers and specialists such as:

- Dance classes
- Disco party
- African drumming
- Circus workshops
- Face painting

Excursions

Excursions can also be organised for older children to get out and about for part of the program. Options vary based on the location of the event.

OTHER SERVICES

Night Program

Let the kids enjoy a fantastic time of games, crafts or a glow disco, then settle in on the bean bags for movies and popcorn.

Playroom / Parents Room

The perfect solution at large corporate events for unsettled or tired babies and children to play while their parents watch on. Parents can choose to sit in comfort on lounges or they can play and create with their children. The Playroom service also includes a pram parking bay, baby change station, microwave for heating baby food and a place for mothers to breast feed and express in private. There will be a friendly staff member on duty to keep things clean, topped up and organised at all times.

Weekend Childcare in the Workplace

A pop-up creche for those occasions where a deadline needs to be met and staff are asked to work on the weekend!

Corporate 'Bring Your Kids to Work' Days

Companies invite the kids into the office for the day to see that work can be more than the stereotypical grind of a 9 to 5 job. It is a fun, inspiring, moving, hilarious and sometimes chaotic day that injects the office with the awesome energy that kids generate. We can even provide you with themed activities related to your business. Some examples include: Logo creation competition or logo colouring, junior resume writing, construction activities for a construction company and so on.

Corporate Parties

We all love a good soiree, but it's often difficult for busy parents to attend workplace celebrations due to juggling the kids and their commitments. We offer the kids a celebration all of their own, so you and your team might enjoy a well-earned cheers to the end of another big year. Let our staff run the kids party while the adults take some time out to play.

QUALIFICATIONS & COMPLIANCE

Our staff

Our staff are a mix of qualified teachers, teachers in training, qualified childcare workers and experienced children's entertainers and we handpick our team for your event based on your tailored program. All staff hold current First Aid Certificates and Working with Children Checks.

Compliance

You can rest assured that the safety and wellbeing of the children in our care is our number one priority. Corporate Kidz Australia closely follows the recommendations of the National Childcare Quality Framework. All of our equipment is regularly cleaned and maintained. We also strive to provide child-safe non-toxic craft products where possible.

OUR PACKAGES

Our fee is calculated based on a number of factors:

- Exact ages and numbers of children registered when the service commences
- Numbers of children requiring additional assistance due to disability, medical conditions or behavioural challenges
- Daily program start and finish times
- Venue location (if the venue is overly remote our fee may need to be adjusted)
- Method of registration, payments and information provision to parents
- Other factors as determined by Corporate Kidz in consultation with the event organiser when finalising the program
